Our Story and the Memoirs...

The aroma, the authentic taste, and the originality of the childhood taste never go away from our inner thoughts. We couldn't experience the same feelings from the products found in regular markets. We, the PURE CEYLON ITEMS, were eager to revitalize the same memories so rooted so that we could share the quality of said products with the rest of the world. The quest in this journey began in 2014 and made it a reality by launching our quality product line in 2018. We employ a wonderful team that understands premium quality and innovative ways to present our authentic products to the world. We thank our team and all the customers who find value in our products. We are also deeply proud to be in the PURE CEYLON ITEMS Family that lead this customer-oriented journey a success.

About us...

We are USDA Certified Organic and All-Natural product manufacturers and suppliers. As a quality-conscious company, we assure the hygienic and good manufacturing practices of all products without the use of chemicals, pesticides, additives, colors, or artificial aromas. Crops of our products are primarily grown on natural, multi-climatic native soils of Sri Lanka and harvested by environmentally-conscious farmers who enjoy the pride of ownership. The Premium standards of our products are maintained by the quality assurance team. Packed in a GMP facility, we take pride in offering the best quality products delivered on time to your own doorstep. We offer an array of quality products including tea, traditional Sri Lankan kithul, food products, rice varieties, coconut products, dehydrated products, herbal products, and Japanese Matcha Tea. We also offer apparel, coconut coir products, fruits-vegetables in brine, International Commodities, and household items not normally found in the market. We cater to our customers in their needs, and we welcome wholesale, Bulk orders, and our brand or private label inquiries.

*"Our Spices Tingle your mind"
"Our Food Tingles Your Tongue"*

Mission Statement

Provide quality products and excellent services that enrich the lives of the customers at competitive prices while maintaining the highest standard of integrity in the industry. Our Team is dedicated to finding innovative ways to provide healthy products through continuous improvement.

Vision Statement

Assuring best customer satisfaction by providing the highest quality products and services in par with their expectations.
